Goal 11 - Make cities and human settlements inclusive, safe, resilient and sustainable

11.1 - By 2030, ensure access for all to adequate, safe and affordable housing and ...Sustainable Development Goal 6 (SDG 6 or Global Goal 6) is about "clean water and sanitation for all". It is one of 17 Sustainable Development Goals established by the United Nations General Assembly in 2015, the official wording is: "Ensure availability and sustainable management of water and sanitation for all." The goal has eight targets to be achieved by at least 2030. ...Sep 11, 2019 - Global Sustainable Development Report 2019 11 September 2019. Achieving human well-being and eradicating poverty for all of the Earth’s people—expected to number eight and a half billion by Born out of boldness, imagination and collaboration, the University of Warwick is a world-leading university with the highest academic and research standards. Our campus in Coventry welcomes over 26,500 students from over 150 countries. Sustainability is the capacity to endure in a relatively ongoing way across various domains of life. In the 21st century, it refers generally to the capacity for Earth's biosphere and human civilization to co-exist. Three different dimensions (also called "pillars" or "aspects") of sustainability are normally distinguished: the environmental, the social, and the economic. Sustainable business strategy is the integration of economic, environmental, and social aims into a firm's goals, activities, and planning, with the aim of creating long-term value for the firm. Introduction. In commitment to the QNV 2030 and the Sustainable Development Agenda 2030 adopted by world leaders at the World Summit on Sustainable Development in September 2015, the State of Qatar has aligned the outcomes and goals of the Second National Development Strategy (NDS-2) 2018-2022 with the goals of the Sustainable Development Agenda.
